

CAKE CARE GUIDE

HOLD FROM THE BOTTOM.

Carry the box from underneath. Don't squeeze the sides or press down on top..

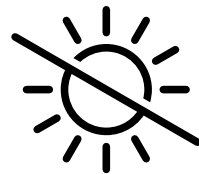

KEEP IT LEVEL.

Keep your cake flat and level during transport and refrigeration.

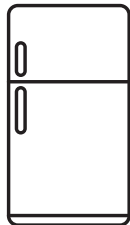

COOL RIDES ONLY.

A/C on, cake on a flat surface, never on a seat.

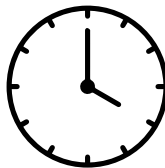

CAKE LIKES IT COOL.

Keep away from direct sunlight, heat, and moisture.

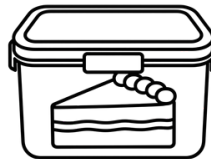

NOT EATING IT YET?

Keep your cake boxed and refrigerated.

ROOM TEMP = BEST CAKE.

Take it out 2-4 hours before serving for the best flavor and texture.

SAVING SOME ?

Refrigerate airtight up to 3 days, or wrap well and freeze for 2-3 months.
